Reality
8000

...a legend in the making

Double-Hungs compliment all types of decor. Sashes tilt-in for easy cleaning.

Picture Windows allow maximum viewing and bring the outdoors indoors.

Slider Windows are a great choice when space is at a premium.

Decorative Grids provide extra flair. Available for all window styles.

Beauty, Quality....and Durability

Insulated Glass

Warm Edge Perimeter Spacer
Best warm edge technology available! Comes standard on all Reality 8000 windows.

Energy Saving Low-E Glass
High-Performance glass option saves energy and provides greater interior comfort.

Thermally Efficient Argon Gas Fill
Greatly enhances insulation factor! Reduces fuel bills and helps keep home quieter.

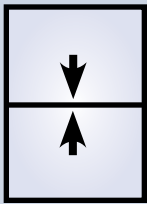

About *ENERGY STAR*...

The *ENERGY STAR*® label was introduced by the Environmental Protection Agency (EPA) to help consumers quickly and easily identify windows and other products that save energy.

The performance requirements for *ENERGY STAR* qualifying products are tailored to meet the energy needs of the country's different climate regions. Reality 8000 windows meet *ENERGY STAR* criteria for the entire United States!
